Spanish Language Camps

Let's Get Messy

In this fun and welcoming art camp, our little artists will get messy and dirty (the best parts of creating)! Each child will be provided with the freedom and ideas to play, experiment, explore and create their own perfectly imperfect art. Children will explore and engage in a variety of hands-on projects, including drawing, painting, sculpting and mixed media – all in a language immersion environment.

¡Vamos a Latinoamerica!

Dive into the rich and diverse world of Latin America! This camp will introduce children to the wonders of Latin America. From Chile to Venezuela, children will learn about countries' cuisines, monuments, and geography.

Pintar y Aprender

Become an artist while immersed in Spanish! Children in this art-focused camp will learn all about painting while simultaneously learning about famous Spanish-speaking painters from Picasso to Dalí.

Around the World in 5 Days

On each day of our Around the World Camp, children learn about a new continent, with a special emphasis on Spanish-speaking countries. Children learn geography and explore the world through activities, crafts, and games.

STEAM

Children will expand their Spanish skills through STEAM-based activities. We will launch rockets, compete to build structures, try cool experiments, and create art—all in the language immersion environment. This week will be a hands-on exploration of various STEAM activities in Spanish.

¡Vamos a Cocinar!

Learn Spanish while making a variety of dishes from the Spanish-speaking world! We will make tortilla de patata, tostadas, arroz con gandules, empanadas, churros, arepas, tacos, and much more, all in a Spanish immersion environment.

*Additional food supplies fee applies: \$40 (full day), \$25 (half day)

Chinese Language Camps

Flavors of Asia

Does your child love bubble tea, sushi, and fried rice or just want to try them for the first time? In Flavors of Asia, students learn about famous Asian foods and

have the opportunity to make some favorites. We will learn about culture, try new food, and practice using our chopsticks, all in a Mandarin Chinese environment!

*Additional food supplies fee applies: \$40 (full day), \$25 (half day)

Ancient China Through Arts and Crafts

Curious about calligraphy? Passionate about puppets? We will learn about Chinese civilization as we try to create traditional arts and crafts. Children will make a variety of projects to take home as we get creative in Chinese!

Let's Get Messy

In this fun and welcoming art camp, our little artists will get messy and dirty (the best parts of creating)! Each child will be provided with the freedom and ideas to play, experiment, explore and create their own perfectly imperfect art. Children will explore and engage in a variety of hands-on projects, including drawing, painting, sculpting, and mixed media – all in a language immersion environment.

Arts of Asia

Try your hand at arts from across Asia! Children will learn about a variety of art forms in a Mandarin Chinese immersion environment. We will create our own ink paintings, make traditional masks and puppets, and also learn about music and the performing arts.

Around the World in 5 Days

On each day of our Around the World Camp, children learn about a new continent, with a special emphasis on the Chinese diaspora. Children learn geography and explore the world through activities, crafts, and games.

STEAM

Children will expand their Chinese skills through hands-on exploration of various STEAM activities. We will launch rockets, compete to build structures, try cool experiments and create art – all in the language immersion environment.

French Language Camps

Let's Get Messy

In this fun and welcoming art camp, our little artists will get messy and dirty (the best parts of creating)! Each child will be provided with the freedom and ideas to play, experiment, explore and create their own perfectly imperfect art. Children will explore and engage in a variety of hands-on projects, including drawing, painting, sculpting and mixed media – all in a language immersion environment.

Les Petits Chefs

With expert guidance from our French speaking instructor, children explore the world of French food. They will make classic favorites such as crêpes, quiche, chocolate mousse... and learn French at the same time!

*Additional food supplies fee applies: \$40 (full day) / \$25 (half day)

Les Petits Artistes

Try your hand at arts from across the Francophone world! Children in this art-focused camp will learn about a variety of art forms – all in a French immersion environment. They will become familiar with some of the most famous Francophone artists, paint Monet-inspired landscapes, make sculptures and even create their own art on textiles.

Around the World in 5 Days

On each day of our Around the World Camp, children learn about a new continent, with a special emphasis on Francophone countries. Children learn geography and explore the world through activities, crafts, and games.

STEAM

Children will expand their French skills through hands-on exploration of various STEAM activities. We will launch rockets, compete to build structures, try cool experiments and create art – all in the language immersion environment.

Vive la France

Celebrate France this coming Bastille Day (14 juillet) with our Vive la France camp. We will take a deep dive into French culture, history and geography through a variety of hands-on activities. Our budding Francophiles will make their own Monets, cook their own crêpes, and play pétanque.
